

Join us as we introduce our 2023 Scholarship Recipients!

Our Guest Speaker will be Allie Hopkins

Allie Hopkins is a Global Server Operations Area Lead at Google, overseeing the company's data centers in Iowa and Nebraska. Since 2009, Google has invested \$6.5 billion in the Council Bluffs area. Allie has been an information technology professional for 25 years, holding a variety of leadership positions including director, information systems manager, systems engineer, and project manager.

Allie Hopkins was recently featured on KETV as one of our new leaders making an impact in the metro. Allie's passion is connecting with people and helping her community. She also teaches a class called "I am Remarkable" which is helping to break the mold that women have been under regarding self-promotion. Being a woman in the STEM field, Allie

encourages young girls to shoot for the stars.

Please join us as we honor this year's EWI ASIST Scholarship recipients and become inspired by Allie's message.
